PROFILE

**POWERFUL SOLUTIONS FOR
MODERN BUSINESS**

ABOUT US

Every organization has a set of goals that it strives to achieve. At IMS, we simplify things for you by providing efficient solutions with our technology and resources. This includes a broad range of services like integrated facilities management, property services, and energy management, all in one place.

We have a vast number of clients in every industry in both the public and private sectors. It is not just skill that will be evident in the services we provide, but also experience.

We specialize in strategic outsourcing and energy services, bringing together the expertise and capabilities of IMS to meet and exceed the expectations of our clients. If you're looking for a company that will help you achieve what you want while letting you shift your focus to other areas, you've come to the right place.

VALUES AND MISSION

Our mission is to create value across the breadth of our offer, managing our clients' facilities and looking after their employees.

WE ACHIEVE THIS THROUGH

UNDERSTANDING CLIENT NEEDS

A client will never have 100% satisfaction unless their needs have been met. And the first step to that is understanding those needs. In IMS, we get to know our clients' existing strategies and what exactly they're looking for. This puts us in the perfect place to help achieve their goals.

ADVISING AND DESIGNING SERVICES

With our extensive knowledge and experience in the fields of property and workplaces, as well as the fresh thinking of our employees, we create innovative and effective ways to live and work.

MOTIVATING AND MANAGING PEOPLE

A community is nothing without its people. Our fundamental skill is getting the best out of a large and diverse workforce, and managing an efficient supply chain, allowing our clients to focus on their core objectives. Our ethos of share ownership sets us apart from other companies.

TECHNOLOGY AND SYSTEMS THAT PROVIDE DATA AND MANAGEMENT INFORMATION

In this data age, it is important that all information is stored, managed and communicated swiftly and securely. At IMS, we analyze and act on our data as well as our clients' data to provide the best services. We also constantly update ourselves to make sure that our people have the right technology and systems to get the job done.

DELIVERING VALUE FOR IMS CLIENTS, PEOPLE, COMMUNITIES, AND SHAREHOLDERS

At IMS, we strive to keep everyone happy. The aim of IMS is to increase the efficiency of our clients' organizations. In order to achieve this, we engage with local communities to recruit apprentices, develop careers and inspire people, which in turn benefits society as a whole. As a result, we are able to deliver sustainable profit that creates value for our shareholders.

OUR SERVICES

Our Services aimed at helping our clients address three key aspects of their business. a non-disruptive renewal and simplification of their existing landscapes; introduction of new offerings and business models in a dynamic business environment, and creating a culture of innovation in their organizations.

- Glazing – New and repairs, included in emergency maintenance service
- Painting – Interior and exterior painting to an exceptional standard
- Kitchens – Bespoke kitchen install and upgrades

PIPELINE CONTRACTORS SERVICES

Entire buildings, businesses, and even industries run on pipelines. We know the importance of an effective pipeline – and we also know how to get it done, which is why IMS is one of the leading pipeline contractors.

We have separate teams to deal with different areas, like gas and water. These teams make complete layouts for the fitting of pipelines in the factories after analyzing clients' requirements and their territories. We undertake contracts for the complete piping work of compressed air as TURN KEY for distributing and circulating compressed air/gas etc., in the factory in various sections and use points for compressed air.

Our full-service pipeline construction department fully takes care of our clients' projects, including calling in-line locates, performing our own internal line locate sweeps prior to beginning clearing the ROW through stringing, welding, trenching, laying, backfilling, as-building, through reclamation of the ROW.

CLEANING SERVICES

One essential thing for success that many businesses tend to overlook, is maintaining a clean and healthy working environment. With our services, you never have to worry about recruiting and managing skilled employees again. We work closely with the client to understand precisely what is needed, and provide a professional, transparent and tailored cleaning solution. We have a range of cleaning service solutions that enable the customer to scale their services to meet their ever-changing needs.

Cleaning Excellence is the latest concept that we have developed with the timing of bringing a more efficient and lean cleaning process to our clients. It combines tried-and-tested working methods and tools with effective procurement processes and cost-optimization.

EXPORT-IMPORT SERVICES

With the help of our top-notch facilities and services for maintaining quality, including warehouse and cold storage facilities, we import and export spice products worldwide.

EXPORT

IMS has left no stone unturned in expanding its client base overseas. We strive to meet increasing demands for spices, pulses, and dry fruit without compromising on the quality of the products we export. After all, it is our consistent quality assurance and timely delivery schedules over thirty years of business that make us a reliable exporter.

IMPORT

IMS is an approved and recognized name amongst leading global industries. Importing any type of spice, pulses or chemicals from different countries is a breeze, thanks to the rapport and goodwill with our numerous clients from all over the world, and our growing network. Still, keeping the client's requirements in mind, our quality control team conducts a strict inspection of the raw material before the purchase in order to select the best one.

The process does not end there. We follow up meticulously on the product every step of the way until it reaches the customer's hands. We have thorough knowledge about markets, commodities; business culture, import and export procedures, and we do not let anything slip through the cracks.

We believe that trust is the core of a successful business, and so we aim to build long-term and reliable relationships with both local and overseas partners.

TRANSPORTATION SERVICES

In this age of fast-moving business, a proper logistics system is crucial to the success of most companies. We provide transportation solutions to aid small-scale businesses. We offer affordable car leasing deals, van leasing deals, and contract hire for both business and personal users at highly competitive prices.

WE ALSO OFFER

- Flexible contract terms and mileage options for Personal (PCH) or Business (BCH) Contract Hire
- Alternative finance options through the IMS's best vehicle leasing finance providers, exclusively tailored to your needs
- Genuinely competitive contract hire deals supported by highly experienced sales consultants who are always on hand to answer any leasing related queries.
- Optional fully inclusive maintenance contracts for cars and vans, covering servicing, maintenance, tires and emergency assistance.
- Competitive GAP insurance to cover our clients in all areas.

At IMS, we're able to provide you with some of the most competitive car leasing deals in the Oman, thanks to our partnerships with some of Oman's finest organizations, and our long-lasting relationships in the industry, built over our 6 years of experience dealing with the contract hire and vehicle leasing sector.
